

### Project Role

Steve brings outstanding teamwork and time management skills as well as a unique perspective to projects with experience as an Assistant Project Manager in addition to Superintendent. As Superintendent, Steve ensures that the project meets the needs of the owners by coordinating all site construction activities and supervises all field personnel as required, to successfully complete the project on schedule and within budget. This includes maintaining the highest quality, supervising all trade and field personnel, all while administering good construction safety practices.

### Relevant Experience

#### Michigan State University

Doug Meijer Medical Innovation Building - New 205,000 sq. ft., 7-story building will house a variety of spaces — office, collaboration, radiopharmacy and clinical — to enable synergies among academic medicine, healthcare delivery systems and industry partners. This building will complement the existing 162,800 sq. ft. Grand Rapids Research Center on-site. (Grand Rapids, MI)

#### Grand Valley State University

Raleigh J. Finkelstein Hall - The five-story, 84,000 sq. ft. building, comprised of classrooms, labs, office and flexible conference room space and outdoor gathering areas. The building houses Grand Valley's occupational therapy, therapeutic recreation, speech-language pathology, sonography, public health, and allied health programs; \$32 million (Grand Rapids, MI)

#### Sibsc0-Acosta

Renovation of existing office featuring a new commercial test kitchen and new 8,500 sq. ft. pre-engineered metal building with extensive mechanical components. (Grand Rapids, MI)

#### Arconic Waste Water Treatment

Renovation and expansion of existing Waste Water Treatment Plant on Arconic's campus. (Whitehall, MI)

#### Ferris State University

Intramural Sports Field, Intercollegiate Soccer and Southeast Campus Student Housing Master Plan - \$4 million (Big Rapids, MI)
